

Dalgona Coffee

★★★★★

This week I would like to share the famous Dalgona Coffee recipe that is going around social media lately!

Tools	Time
Beater or Electric Mixer	Prep: 15 minutes
Scale	Cook: 0 minutes

Ingredients	Adjust
+ Hot Water	3 g
+ Instant Coffee Powder	3 g
+ Sugar	3 g
+ Milk	1 cup
+ Oreo	1 piece (optional)

Add all 

Process

Step 5

Prepare the ingredients.

Step 1

With one piece of Oreo, take the filling out and put the cookies in a Ziploc bag to smash them (I smashed them with a cup).

NOTE: If you are not adding cookies to your drink, you can skip step 1.

Step 2

Measure instant coffee powder (3 g), hot water (3 g), and sugar (3 g). Put them in a small cup or bowl and mix them with a spoon or fork.

NOTE: It does not matter how much coffee powder, water or sugar you add as long as they are in a one-to-one scale.

Step 3

Use a beater or handheld electric mixer (if your mixer has two beaters, just take one out before using it) to mix the coffee until it looks creamy, as shown in the picture.

Step 4

Have the cup of milk ready, slowly pour the coffee foam on top of the milk and add the smashed Oreo to the coffee foam. Done! Take a picture and ready to drink!

NOTE: You can add ice to the milk, so the foam stays longer on top.
